

Your EasyLink / 1pMobile SIM UK Mobile coverage checker
 Search by postcode or place, and check if you are well covered by 4G, 3G and 2G.

Rates:

1p a minute to UK landlines and mobiles, 1p a text to UK numbers and 1p a MB (data).

Credit Rollover:

Your credit lasts for long as your account is active, with no credit expiry period.

No Contract:

To keep your account and SIM active, just make at least one £10 top-up every 120 days. There's no minimum term contract, no monthly commitment and you can cancel at any time.

Superb Network Coverage:

99% population and 96% landmass coverage of the UK using the EE 4G/3G/2G network.

You're in full control:

You have full control over the network features and facilities available 24 hours a day.

UK-based customer support:

Our helpful advisors are on hand to provide both online and telephone support.

- GPS mapping location to track every 1 minute of every day uses 1MB of data per day, cost 1p per day
- SOS phone calling, voice monitoring, cost 1p per minute
- Text Alerts (up to 3 max) per Fall Alarm detection, Pill Reminder & SOS press, cost 1p per text
- GEO fence Alert and Wi-Fi Alert if triggered uses less than a 1Mb of data, cost 1p per day if triggered

Average spend is currently running at £11.77 per year

During extensive (almost excessive) sample testing of the tracker over a 1 month period.

Events	Cost	Total
Tracking every minute for 1 month	<u>31p</u>	Total cost for the month £2.31 x 12 months Total cost per year would be £27.72
20 SOS calls to their <u>carer</u> lasting 2 minutes each	<u>40p</u>	
20 Text Alerts from the SOS button to 2 <u>carers</u> = 40 texts	<u>40p</u>	
Fall Alarms tested once a day. 30 calls lasting 2 minutes each call	<u>60p</u>	
30 Text Alerts from the Fall Alarm to 2 <u>carers</u> = 60 texts	<u>60p</u>
